

CITY OF ARANSAS PASS

AGENDA MEMORANDUM

City Council Meeting of November 5, 2018

Date: November 1, 2018

To: Mayor and Council

From: Fernando Quintanilla, Director of Public Works & Development Services
quintanilla@aransaspasstx.gov

Title: Consider and Act on Issuance of Request for Qualifications for a City Wide Drainage Study.

PURPOSE: Authorize staff to publish an RFQ for engineering services for a City Wide Drainage Study.

BACKGROUND AND FINDINGS: The City's infrastructure for storm water is in very bad shape. With all the recent rain events this has become more evident with over 40 cave-ins throughout the City. Our last map that inventoried our system was from 1983. With all the new development and changes to our terrain, a new study is needed to determine if existing system is adequate or needs up sizing before any repairs are done. Study will also produce new maps with conditions of existing system and possible new outfalls and improvements.

ALTERNATIVES:

None.

CONFORMITY TO CITY POLICY:

Conforms to state purchasing rules.
